## **DISCLAIMER**

The individuals depicted within this book  
are strictly fictional characters  
representing hypothetical situations.  
Any resemblance to actual persons,  
either living or dead,  
is purely coincidental and unintended.

## DEDICATION

To couples everywhere, "for better or worse" and in hope  
that you will learn to appreciate the good things,  
despite the bad.

Know this: If you think you can run out on your  
differences and simply call an Escort, you never know  
**WHO'S BEHIND THE DOOR!**

## PREFACE

You have to be a tough individual, with a hard core, to make it as a professional Escort. Not everyone is willing (or able) to risk the intimate contact, stark emotional ups and downs and legal ramifications, not to mention the social trade-offs. And very few have what it takes to marry an Escort.

The very concept remains in "gray area" without well defined rules or qualifications. At best, it is a give and take proposition between the Escort and customer where neither will get taken advantage of and each, in their own way, will get what they need. At best. But as we all know, things don't always play out the way they should.

Just play it safe, at all times

My book is not intended as a suggestion of behavior. Instead, I hope rather, you will enjoy the purely human situations it portrays. The illustrations and dialogue will, hopefully, help you to see behind the door and into the humor, poignancy of the reality of this sub culture.

Enjoy,

Woww Sherry

(THINK ABOUT IT • DO IT)

**BE ADVENTUROUS...**

Choose new or unusual rooms and settings,  
enjoy the naughty natural norm of sexual attitudes,  
morals and beliefs as well as the exotic, if you please.

**SET THE ATMOSPHERE...**

Use mood enhancing candies and indulge in  
fragrances, lavish in soft silky or satin fabrics  
that sooth the body and caress the senses.

**EXCITE THE BODY...**

Splash and massage with creamy lotions,  
sweet smelling oils and scented waters that titilate  
and exhilarate at the same time.  
Bubbling sodas, syrups and flavored gels are fun.  
Use them with PURPOSE, PASSION & PLAYFULNESS.

**ENJOY YOUR BODY...**

Take long, warm oozing bubble baths together.  
Take brisk, soapy, spongy, splashy showers together.

Be spontaneous! But always be prepared  
for steamy, sensual, SAFE sex.  
Oh yeah, don't forget the condoms!

*Who's Behind The Door?*

***"I Safe Sex You,  
Because I Love You..."***

How many obstacles are there, In front of the sexual act?  
Is it vanity, time, place or season? What is the reason?  
Is it Crabs, VD, Gono or Syph, Herpes? or the big one...  
The AIDS virus?

A sexual high can be a part-time priority.  
But the AIDS Bug sets its' own priorities.  
You can out prioritize when you say...

I Safe Sex You, Because I Love You.

Sex and your libido are real, you know.  
Put your hormones in motion, break into the notion,  
To move in gyrations that lead you to loosen inhibitions to,  
Oh, I'm enjoying it...

I Safe Sex You, Because I Love you.

Adaptation is human survival instinct.  
We may never become extinct,  
So until the vaccine makes the scene,

I Safe Sex You, Because I Love you.

Then know, weather it's lust, vice or nice,  
Treat it right, all night,  
It's hot, red hot, so hot... Don't stop,

I Safe Sex You. Because I Love You.
